POWER & CABLE MANAGEMENT SOLUTIONS

In today's tech-driven world, a well-organised and powered workspace is essential for productivity. This guide provides an overview of power & cable management solutions for modern work environments, including on desk, under desk, and in desk options. Whether specifying for a new office or upgrading current setups, this guide is the resource for efficient power management.

On Desk

On desk power solutions, such as power spots and USB charging stations, keep workspaces clutter-free and devices easily accessible.

Under Desk

Under desk power solutions, including power strips and cable management systems, offer a discreet way to organise and power your devices, keeping cables out of sight for a cleaner workspace.

In Desk

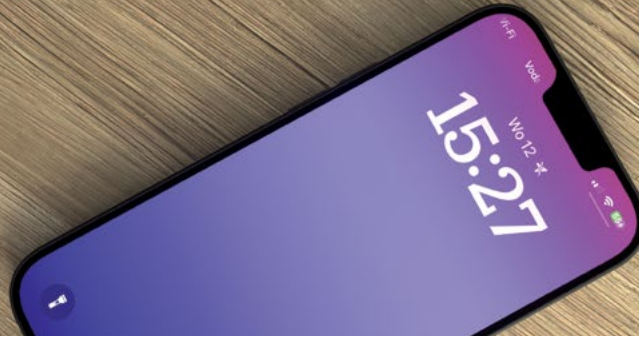

In desk power solutions, including desktop power grommets and pop-up outlets, provide convenient access to power directly on your desk, combining outlets, USB ports, and wireless charging.

CABLES

No power, no workspace. These essential components ensure reliable power distribution, flexibility in placement, and efficient utilisation of available outlets, enhancing productivity and convenience in any workspace environment.

CONNECTING CABLES

Supply power to power blocks, desk ups and desk ins using the connecting cables, especially in workspaces where reliable power distribution is crucial.

Vertical cable manager, perfect for height-adjustable desks. Includes screw set for easy installation, & magnet attachment option and a weighted base.

White	Black	Silver	Length
100091419	100091545	-	1.3 m

PCON

INSPIRE DYNAMIC WORKSPACES

Product Configuration

Utilise configurable data and a robust toolkit for designing, presenting, and selling interior solutions to create realistic office renders including Fellowes products in 3D.

Access to Configurable 3D Models

Explore our monitor arms, power & cable management systems with configurable 3D models. Access crucial product information including prices, brochures, images, and videos.

Apps for Enhanced Design and Sales

Leverage powerful applications for desktop design, client presentations during on-site consultations, and seamless quote and offer creation.

Interactive Configuration

Our products offer a multitude of options and dependencies. With pCon, embrace this diversity and access our interactively configurable product data in 3D. Witness all available options, and receive real-time updates on geometry, price, and product code with every configuration change.

2D & 3D File Downloads

Download product data in the required 2D or 3D format effortlessly. Access the files you need to streamline your design and sales processes.

Family-Owned and Family-Led by Four Generations

Our Company is exactly that - We're a family-owned and family-led organisation focused on making the world we live in a better place.

Over 105 years ago, Harry Fellowes began presenting his original Bankers Box to Chicago area bankers which addressed a growing problem: disorganised paper records. Today, Fellowes Brands is a global leader in a broad range of innovative solutions which help professionals be their best and feel their best.

Fellowes GIVE is a purpose-led initiative that Fellowes invests in, allowing us to partner with organisations to make the world a better place.

Earth
by Fellowes

How we shape the world of work today has a profound impact on the world of tomorrow. By building sustainability and stewardship into every level of our organisation, we can protect the WorkLife potential of our children and grandchildren.

Fellowes | FAMILY BUSINESS
Brands™ SINCE 1917
