

# MONITOR ARM COLLECTIONS

2024

**Fellowes**

A dark blue Fellowes monitor arm system is shown against a light grey background. The system consists of a vertical base, a horizontal arm, and a mounting plate. The mounting plate is grey and features a central circular cutout with a cross-shaped pattern. The arm is adjustable and has a locking mechanism. The base is a solid, dark blue rectangular block.

# INNOVATIONS THAT UNLEASH WORKLIFE POTENTIAL

Embrace the power of ergonomic design and customisable configurations that redefine worklife. Monitor arms are not just accessories; they are the cornerstone of a dynamic, efficient workspace. Enhance productivity, promote well being, and optimise office layouts with Fellowes Monitor Arms. Elevating office spaces has never been more accessible or rewarding, with a comprehensive collection of unique ranges.

For more than 100 years, Fellowes® has been helping people be the best they can be while at work. More productive. More efficient. Happier. Healthier. We are bonded by a century long commitment to creating workspace solutions that communicate care and respect, and we believe that with the right tools, everyone has the ability to fully harness their potential. Everything that carries the Fellowes name is a promise of quality, performance, innovation and outstanding customer service.

## CLAMPS

The style and configuration of the desktop will determine the most suitable clamp/ clamp required. Choose from a wide range of clamp options.

Galaxy Desk Clamp			
	Regular clamp, desktop range 0 - 80 mm.		
			
	Black	White	Silver
	100091373	100091350	100091493

Galaxy Desk Clamp/Grommet			
	non-pole mounted clamp, desktop range 0 - 96 mm.		
			
	Black	White	Silver
	100091424	100091364	100091655

Galaxy Grommet			
	Grommet mount, desktop range 10 - 60 mm.		
			
	Black	White	Silver
	100091543	100091439	100091672

Galaxy Sliding Desk Clamp			
	Special design for sliding desks, desktop range 8 - 28 mm.		
			
	Black	White	Silver
	100091506	100091547	100091334

Galaxy Top Mount Clamp			
	Top mount, 0 - 45 mm, combine with the pole or with the Adapter to create a single configuration without pole.		
			
	Black	White	Silver
	100091671	100091502	100091430

Galaxy Adapter			
	Combine with Galaxy top mount clamp.		
			
	Black	White	Silver
	100091592	100091429	100091394

## UNIVERSAL TOOLBAR / WALL MOUNT

Use in combination with the toolbar.

Transform to universal wall mount by unscrewing from the metal box and directly screw to any wall.

Galaxy Universal Toolbar / Wall Mount			
	Use in combination with toolbar or to mount to wall.		
			
	Black	White	Silver
	100091420	100091603	100091654

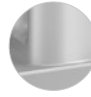

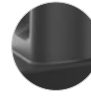

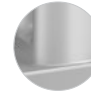

# GALAXY MODULAR COMPONENTS

## POLES

Available in three distinct heights & interconnectable for height alterations.

Interconnect posts (M8 screw) for quick alterations in height.

The post has 4 identical sides that can hold the connector, desk up & CPU holder.

Galaxy Poles										
	Three height options are available, essential for any Galaxy monitor arm setup. Pair with any of the four clamp designs: Desk Clamp, Grommet, Sliding Desk Clamp, and Top Mount Clamp.									
										
	Black	White	Silver	Black	White	Silver	Black	White	Silver	
	22 cm			45 cm			70 cm			
	<b>100091480</b>	<b>100091615</b>	<b>100091534</b>	<b>100091646</b>	<b>100091466</b>	<b>100091634</b>	<b>100091443</b>	<b>100091599</b>	<b>100091433</b>	

## CONNECTORS

This is a crucial component in constructing any monitor arm configuration. To install, simply press the top button to slide it into the pole, and once in place, it can be easily repositioned by pressing and sliding it up or down as needed. Integrate any monitor arm component into the connector to initiate the expansion of reach and dynamic adjustability. Alternatively, directly attach one of the VESA options to the connector when additional reach is unnecessary or when supporting a heavy-duty, curved screen or two screens on a crossbar.

Galaxy Connector			
	Necessary accessory for all arm solutions in combination with the pole.		
			
	Black	White	Silver
	<b>100091481</b>	<b>100091660</b>	<b>100091356</b>

# GALAXY MODULAR COMPONENTS

## ARMS

Select from various options such as gas spring arm, horizontal static arm, and slanted arm, to tailor any monitor arm configuration to suit specific needs. Gas spring arms are ideal for scenarios requiring dynamic height adjustability, with heavy-duty options available to accommodate heavier monitors such as curved screens. To extend the reach of the monitor arm, the straight arm component can be employed, allowing for the attachment of up to four straight arm components for a single monitor setup. Alternatively, the slanted arm component offers static height and reach capabilities when necessary.

Galaxy Gas Spring Arm Component			
	28 cm of height freedom max. weight limit 2- 12 kg per gas spring arm		
			
	Black*	White	Silver
	100091427	100091414	100091348

\*heavy duty gas spring monitor arm available in black & white - on request 10 - 20kg

Galaxy Straight Arm Component			
	24 cm reach, max 20kg		
			
	Black	White	Silver
	100091379	100091525	100091434

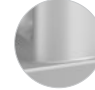

Galaxy Slanted Arm Component			
	25 cm reach, max 20kg		
			
	Black	White	Silver
	100091367	100091575	100091392

# GALAXY MODULAR COMPONENTS

## VESA

Our VESA heads are designed to accommodate monitors with VESA 75 x 75 and 100 x 100 standards. Various VESA options are available, each influencing the range of movement: pan, tilt, and rotate features provide flexibility, while sliders (the precision aligners) facilitate horizontal monitor adjustments. Additionally, static options are available for compatibility with crossbars or heavy-duty monitor arms.

Galaxy VESA Head			
	VESA mount that can pan, tilt & rotate.		
			
	Black	White	Silver
100091361	100091338	100091354	

Galaxy Vesa Head For Crossbar			
	Mount directly to the connector or arm components and mount the crossbar or the VESA Slider to this VESA head.		
			
	Black	White	Silver
100091432	100091449	100091507	

Galaxy VESA Slider - Black	
	Compatible with all VESA plates (75 & 100). Adds a depth of 100mm. Width range of 310mm.
	Note: When combined with the VESA head for the crossbar, it provides combined depth of 184 mm.
	
	Black
	100091389

Galaxy Direct-Connect VESA Slider	
	The direct connect slider seamlessly integrates with all connectors and arm components, offering a depth of 97 mm and a width range of 310 mm (center of the VESA plate).
	
	Black
	100111770

## CROSSBAR

A crossbar is utilized in conjunction with two or three monitors to provide for a space saving solution and perfect alignment of the two monitors.

Galaxy Crossbar	
	With VESA connection, fits to any VESA 75 or 100. VESA plates on either side rotate, pan & tilt
	
	Black
	100091482

Galaxy Direct-Connect Crossbar   2x27" Monitors	
	Connects directly into monitor arm component or connector. VESA plates on either side rotate, pan & tilt.
	
	Black
	100091569

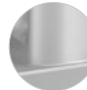

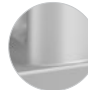

Galaxy Direct-Connect Crossbar   2x34"	
	Heavy duty crossbar suitable for screens up to 34", including 2 joints
	
	Black
	100115565

Galaxy Direct-Connect Crossbar   3x27" Monitors	
	Crossbar that holds 3 monitors up to 27", including 2 joints
	
	Black
	100115572

# GALAXY MODULAR COMPONENTS

## TOOLBAR

Combine with two poles, each 45 or 70 cm and built a workspace that's suited for up to 10 monitors.

Galaxy Toolbar						
	Mount between 2 x 45 or 70 cm poles. Create workspaces for up to 10 monitors.*					
						
	Black	White	Silver	Black	White	Silver
	120 cm			150 cm		
	<b>100091541</b>	<b>100091475</b>	<b>100091390</b>	<b>100091584</b>	<b>100091532</b>	<b>100091554</b>

\* Image is showing the toolbar alongside 2x poles. Please note that the product includes only the toolbar and does not include the poles, arms & mounts. These are all separate components.

## ACCESSORIES

Finish the monitor arm set up with a choice of accessories to meet user requirements.

Galaxy Power			
	Accessory to mount Desk Up 1.0 to the pole.		
			
	Black	White	Silver
	<b>100091651</b>	<b>100091328</b>	<b>100091376</b>

Galaxy Laptop Accessory	
	Universal use, suited for laptops up to 17", compatible with all VESA 75 & 100.
	
	Black
	<b>100091594</b>

Galaxy CPU Holder			
	Compatible with the Galaxy pole. Slide in, lock tight and place the CPU.		
			
	Black	White	Silver
	<b>100091336</b>	<b>100091498</b>	<b>100091637</b>

Sit-Stand Platform		
	Easily integrate this keyboard platform into the Galaxy configuration for optimal versatility, when combined with a 70cm pole, connector & static arm to create a standing workspace.	
		
	Black	White
	<b>100091641</b>	<b>100091511</b>

# TALLO™ MONITOR ARMS

Tallo™ not only reimagines how a monitor arm can facilitate productive work, but enriches it through human-centered design. Modern in appearance, robust in performance, Tallo™ makes any desk a productive space for comfortable, meaningful work.

# TALLO MODULAR™ MONITOR ARMS

Unleash the versatility of Tallo Modular – meticulously designed to elevate any workspace. Experience extended reach and 50cm height adjustability in monitor arms, accommodating up to four screens for enhanced productivity. Choose from three sophisticated colours to seamlessly integrate style and functionality. Elevate workspaces with Tallo Modular – where form meets function in perfect harmony.

**S = Slider**  
Sliders increase the size of screens an arm can hold whilst enabling you to place screens seamlessly side by side. This helps to save valuable desk space and maintain an ergonomic working position.

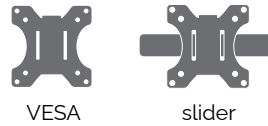

**M – Motion Arm (gas spring)**  
Motion arms deliver effortless gas spring height adjustment, great for hot desking and collaborative working.

**F = Fixed Arm**  
Fixed arms provide additional reach and movement as well as being a cost effective solution where regular height adjustment is not required.

# PCON

## INSPIRE DYNAMIC WORKSPACES

### Product Configuration

Utilize configurable data and a robust toolkit for designing, presenting, and selling interior solutions to create realistic office renders including Fellowes products in 3D.

### Access to Configurable 3D Models

Explore our monitor arms, power & cable management systems with configurable 3D models. Access crucial product information including prices, brochures, images, and videos.

### Apps for Enhanced Design and Sales

Leverage powerful applications for desktop design, client presentations during on-site consultations, and seamless quote and offer creation.

### Interactive Configuration

Our products offer a multitude of options and dependencies. With pCon, embrace this diversity and access our interactively configurable product data in 3D. Witness all available options, and receive real-time updates on geometry, price, and product code with every configuration change.

### 2D & 3D File Downloads

Download product data in the required 2D or 3D format effortlessly. Access the files you need to streamline your design and sales processes.
